

Some helpful hints when shoveling your driveway this winter. If possible, please wait until after the snow has fallen to clear the entry to your driveway to avoid having to shovel the end too many times. Plow trucks are not able to avoid every driveway entrance. Plow trucks will plow all primary roads first, then secondary's, and alleys are last. Please do not throw snow back into the street, and do not put your trash/recycling containers in the street during or immediately after a storm as it is in the way of the plow. Remember to watch WFMZ or the Borough Facebook pages for when the Mayor calls a "Snow Emergency". Routes are marked with Snow Emergency signage.
